Please be informed that on October 20, 2023 the undersigned conducted field visit/inspection in Forest Product Monitoring Station II, Barangay Bagongbayan, El Nido, Palawan hereunder the findings and recommendations to wit:

A. Findings/Observations:

1. The station was manned 24/7 by the two (2) regular personnel (Forest Technician II and Forest Ranger) and five (5) contract of service personnel (Forest Protection Officer) on a rotation basis to check/verify the transported forest products passing to the station.
2. The assigned personnel likewise conducted LAWIN patrol in the designated conservation area and other forest land areas, investigation of reported illegal forest activities, inspection / inventory of trees requested for cutting, IEC, CSC evaluation, apprehension and filing appropriate charges and other related environmental activities stipulated in their positions/designations
3. There are confiscated lumber presently deposited in the station wherein some are in the stage of deterioration especially those exposed directly to sunlight and rain while other lumber were eaten/attack by termites.
4. The station's walls, ceiling and flooring made of wood were already dilapidated attached/destroyed by termites.

5. Portions of the dilapidated parts of the station were already replaced/repaired and the remaining parts is still subject to repair/enhancement.
6. The separate kitchen of the monitoring station also needs repair and replacement of the dilapidated parts destroyed/attached by termites
7. The construction materials were already purchased and delivered to the station for the repair/enhancement of the station

B. Recommendation

1. The assigned personnel should strengthen their forest protection activities and conduct regular patrol works in their area of jurisdiction to prevent illegal activities as well information education campaign.
2. To transfer the confiscated lumber to the designated lumber shed in Lamoro, Bgy. Pasadena, El Nido, Palawan and/or construct temporary shed near the monitoring station to save its economic value.
3. To request and utilize the forfeited lumber for the repair of the stations including the manufacture of beds, tables and other furniture needed in the station.
4. To continue the repair and enhancement of the station including the kitchen considering that the construction materials were already delivered to the site.
5. To maintain and observe cleanliness within the premises of the station

The herein report was submitted as **Means of Verification (MOV)** of the above stated target activity.

For his information and record.
