DATE: 6.28.24 3782

Respectfully submitting is the report of the undersigned on the conducted monitoring of CBFM-CARP 2018 project of Liminangcong Forest Management Association (LIFMA) entitled "Fuel Wood with Orchard Plantation" located at Barangay Liminangcong, Taytay, Palawan.

On June 26, 2024, the undersigned together with the members of the LIFMA and two practicum students from Western Philippines University (WPU) conducted the monitoring of the above-mentioned project. During the activity, the undersigned monitored some commodities such as Calamansi, Pineapple, Banana, Cacao, Coffee, Narra and also visited the bunkhouse and nursery located at Sitio Lagyo, Barangay Liminangcong, Taytay, Palawan wherein the following were observed, to wit:

- unmaintained plantation area is still noted.
- backlog commodities were not yet planted, due to lack of time of the members and officers as well as rainy season is just started.
- Well established nursery with various seedlings such as Ipil-ipil, Gmelina, Narra, and Coffee prepared for replacement of dead commodities as well as Jackfruit and Guyabano readied for planting to complete their backlog.
- The portion of Narra plantation was burned because of wildlife hunters.
- The unmaintained bunkhouse was also noted..

In view of the above observations, the following are recommended, to wit:

- It is advised that backlog commodities should be planted to complete the project.
- The bunkhouse should be renovated and maintained
- Replace all dead commodities.

Please be informed further that the CBFM unit is currently coordinating with the PO on the schedule of planting of their backlog commodities to be undertaken this 3rd quarter of CY 2024..

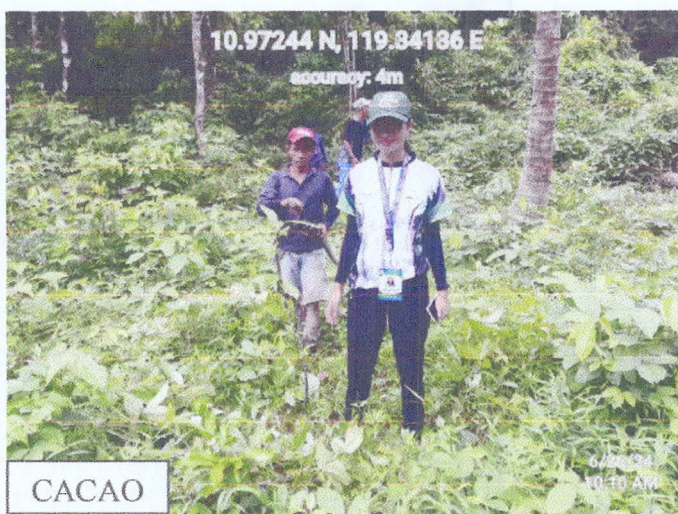

Attached are the photo documentations of the said monitoring.

For information, record and further instruction.
