MA. LOURDES G. FERRER, CESO III

Regional Executive Director

DENR MIMAROPA

Dear **Dir. Ferrer**:

Greetings! Hope this email finds you well!

I am writing to you as a FELLOW of the Asian Institute of Management – Bridging Leadership Initiative on Climate Resilience (AIM-BLICR). Right now, Mayor Sergio Tapalla of Cagayancillo, Palawan and I are working on a project on the “Management and Implementation of Marine Protected Areas.” This involves managing nine (9) established MPAs surrounding the town with the aim of sustaining marine/fishery resources and preserving biodiversity with participation of identified stakeholders, making sure that utmost benefits are obtained. Community capacity building, provision of sustainable livelihood, law enforcement and MPA management, are just some of the essential components of the project.

In this regard, Mayor Tapalla and I would like seek your assistance on services you can provide under your “Scaling Up of Coastal and Marine Ecosystem Program.” Your interventions on development of bio-diversity friendly enterprises, coral reef and seagrass assessment, and those on protection and management of marine ecosystems, can boost the implementation of the project.

Mayor Tapalla and I are most willing to meet with you virtually to discuss potential synergies. Please let us know what time works best for you or your designated representative.

I look forward to your favorable response.

Sincerely,

MARIA PAMELA S. CASTRO

Program Manager – Nutrition, Agriculture and Food Security
