

**2021 AGIA ANNUAL CONVENTION CUM SEMINAR  
OCTOBER 7-8, 2021**

***“Navigating Through Risks and Challenges under the New Normal”***

With dramatic and unprecedented disruptions caused by the COVID-19 pandemic in our business operations in the government, especially in our lives starting last year, our resiliency was challenged. Amidst the pandemic, we are compelled to find new ways to deliver our services to our internal and external stakeholders. We pushed forward. We adapted. We innovated.

This year, the AGIA Annual Convention with the theme: *“Navigating Through Risks and Challenges under the New Normal”* will emphasize moving forward as we adapt to what we call “New Normal”. However, this “New Normal” created new challenges for businesses and our lives.

This Convention aims to facilitate the exchange of knowledge and insights on the current trends and issues, best practices as we seek to address our shared challenges, risks, and how to mitigate the same under the “new normal”. Distinguished speakers were also invited to give an update on laws, rules, and regulations relevant to our day-to-day work as we discharge our duties and responsibilities as public servants.

The technical sessions and plenary discussions with open-forum propel the participants to engage, network, and learn from each other.
