

CORAL REEF RESCUE PROJECT - PHILIPPINES (GEF-CRR Project)
Virtual Inception Workshop
4 August 2021

Overview:

The National Inception workshop brings together key stakeholder representatives¹ from community groups, civil society/non-governmental organizations, private sector, and government in each of the countries.

Objectives:

- a) Ensuring that there is a shared understanding of the objectives and theory of change of the GEF CRR project as well as the way in which it contributes to the overall Global Coral Reef Rescue Initiative (CRRI);
- b) Ensuring that there is a shared understanding of, and agreement around the PPG, including the institutional arrangements (specifically the National Working Group) and overall work plan;
- c) Identifying lessons learned from the experiences of relevant initiatives around the world and individual countries and partners which should influence project design.
