Dear Mam Imelda,

I would like to express my interest in applying as **ENGINEER II** (above mentioned subject) in the company.

Attached herewith is my CV together with supporting documents which further detail my qualifications. I can hand carry all these documents once quarantine was lifted here in Metro Manila or as you advise. Thank you for taking time to review my application.

I'm looking forward to hearing from you.

Yours Sincerely,

A handwritten signature in blue ink, appearing to read 'R. Fodulla', with a long horizontal stroke extending to the right.
