Attention : The Secretary of the Department of Environment and Natural Resources
The Secretary, Department of Justice

Subject : HARVESTING OF MAHOGANY TREES PLANTED IN 1995
UNDER THE NATIPNA GOVT. PROGRAM

Dear President Duterte,

In 1995, I availed of the national government high value mahogany tree planting program wherein we planted a number of seedlings in our property in Barangay Danao, Mogpog, Marinduque). Years later, after 1995 and after a cadastral survey conducted in the Marinduque, it was declared that my property where I planted the mahogany seedlings is located within the territory of Apitong, Boac, Marinduque, a Barangay adjacent to Barangay Danao of Mogpog. The program says that I can harvest the mahogany trees in ten years.

After more than 20 years I realized that the Mahogany trees are now matured and thought of harvesting them. To be able to cut the trees for lumber, I asked permission from the Department of Environment and Natural Resources (DENR) to cut down the Mahogay I planted in 1995. I, however, was told to secure permit to cut trees from Barangay Apitong and from the Municipality of Boac. So, I did apply for permit to cut from the Mayor of Boac and the Secretary replied that there is a Municipal Ordinance (The Ordinance came later after 1995) which says that for every tree I cut I have to replenish it with 10 seedlings . . Therefore, if I have to cut 10 mahogany trees I have to replenish it with 100 seedlings. To comply with the Boac requirements I inquire if there is a nursery here in Boac where I can buy and there is none. The remedy is for me to but in mainland Luzon and bring them to Boac and if a seedlings of size that will survive it would cost me P100.00 per seedlings plus cost of freight in bringing them to Boac. So that if I will buy 100 seedlings at P100.00 that would cost me P10,000.00 which to me is expensive and impractical.

Because of the predicament I am in, I queried the DENR whether the 1995 national government program is subjugated by the Municipal Ordinance of Boac requiring the replenishment of 10 seedlings for every tree to be cut and I also brought for their consideration the fact that when I planted the Mahogany seedlings the place is still under Barangay Danao in Mogpog which is, at that time, not part of Boac. Likewise, I mentioned that the Boac Ordinance was promulgated after I availed of the 1995 Mahogany Program and I believe Mogpog has no ordinance to that effect. To this query I received no categorical reply from the DENR. I made a follow up but I received no reply since then and it has been more than 5 years since then. If the DENR can not rule on the issue, who, then, shall have the final say? Can the Department of justice take a stand on this?

I need your assistance. Please clarify

Thank you.

Very truly yours

For Good Government.
