Dear Ma'am. Ferrer,

Please **find attached our revised CDMP** (Comprehensive Development and Management Plan) linked to our application for Forest Land Use Agreement for Tourism purposes (FLAgT) for Pangatalan Island in Barangay Depla, Taytay. This last version of the CDMP includes all requirements listed in your letter dated on June 25th 2021.

The official copy of the FLAgT area map is currently in DENR division for complete signatures and will be appended once it is reviewed and approved by the Secretariat. The revised version of the CDMP already includes the final map signed by myself as President of Sulubaaï Environmental Foundation.

Rest assured that Sulubaaï is willing to comply with all the requirements stated by the DENR.
