RED Maria Lourdes G. Ferrer
Regional Executive Director
DENR-Region 4B

**RE: KATALA PCCP (Philippine Cockatoo Conservation Program) PATROL REPORTS
JAN – JUNE 2021**

Dear Dir. Ferrer:

Warm greetings!

We wish to express our gratitude for your memo to the Secretary through the Office of the Undersecretary of Field Operations and Environment dated July 16 which was forwarded to us by email by the PENRO Palawan. We greatly appreciate your summary of our May patrol reports from each PCCP project site and we take this commendation as an inspiration.

Spurred by this, we submit herewith our summary patrol reports in infographic presentation from January to June 2021 patrols and activities conducted by our SEDNROs/wardens under the PCCP. We look forward that we can work together to save and protect the integrity of cockatoo habitats and other lowland forests with conservation importance. In particular we are hoping that Rasa Island Wildlife Sanctuary be also a priority of the Region's efforts to retain all PA's in Palawan pursuant to RA 7586 as amended by RA 11038 or the ENIPAS Law.

We also express our thanks to you for supporting our efforts especially for the Rasa Island Wildlife Sanctuary that it remains to be a wildlife sanctuary!

Thank you very much for our continued partnership.

Sincerely,

INDIRA DAYANG LACERNA-WIDMANN
Chief Operations Officer
KFI

Attachment: Infographic patrol reports for Jan-June 2021 from PCCP project sites

KFI PATROL AND MONITORING REPORT ON FOREST AND BIODIVERSITY

JANUARY-JUNE 2021 SUMMARY RIWS-NARRA, PALAWAN
