MEMORANDUM

FOR : The Regional Executive Directors
Region IV-A CALABARZON
Region IV-B MIMAROPA
National Capital Region (NCR)

FROM : The Director, ERDB

SUBJECT : INVITATION TO THE ERDB 4th ANNUAL TECHNICAL SEMINAR

The Ecosystems Research and Development Bureau will hold its 4th Annual Technical Seminar (ATS) on September 15, 2021 (Wednesday) from 8:00 A.M. to 12:00 NN, via Zoom to promote its ENR Technologies. Hence, we would like to invite you and your technical staff to attend this webinar. Interested participants may register using the link (<https://forms.gle/9V6Tye4xPu6wkS3M9>). Upon registration, the event ID and password will be provided. Please note that the first 300 pax will be accommodated in the Zoom meeting.

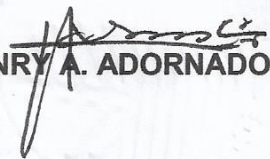

For this year, two (2) papers published in the Sylvatrop (DENR's technical journal) will be presented in the seminar. These papers are entitled; 1) "Sap flow measurement of important forest tree species in the biodiversity monitoring plot of Saug Watershed in New Corella, Davao del Norte, Philippines" published in Sylvatrop Vol. 29 No. 1 (January – June 2019), and 2) "Estimation of the carbon sequestration rates and carbon densities of fast-growing tree plantations in Mindanao, Philippines" published in Sylvatrop Vol. 30 No. 1 (January – June 2020).

In addition, the Sylvatrop Editor-in-Chief, For. Mayumi Quintos-Natividad, will also deliver a presentation on how to use the Sylvatrop Journal for sound policy and decision making in the DENR. We hope that this set of new knowledge will serve as useful scientific references for policy and decision making in the Department.
