Dear RED Adornado:

This is to acknowledge your letter requesting for an updated/corrected Land Classification (LC) and Cadastral (Cad) map covering a portion of Barangay Apurawen, Municipality of Aborlan, Province of Palawan, more specifically map LC-2267, citing discrepancies between the relative positions of the Alienable & Disposable blocks and Cad lots.

We are currently working on your request taking into account LC, Cad, and topographic maps, as well as satellite imageries in the overlay analysis. However, due to the voluminous data that needs to be processed and the complexity of the issue at hand, more time is needed to complete the verification.

We will provide you with our findings as soon as the verification is completed.

Very truly yours,

Usec. PETER N. TIANGCO, PhD
