Blended Finance for Nature-based Solutions: Experiences from the Asia Natural Capital Window

This webinar will provide an overview of our [Design Funding](#) program and an in-depth look at the [Asia Natural Capital Window](#), including insights on types of solutions supported, target geography, how to apply, and eligibility and evaluation criteria.

For the first time, we will also be bringing together **grantees** from the **Asia Natural Capital Window** to discuss challenges and lessons learned from designing blended finance solutions focused on natural capital and conservation, and how Convergence's funding has supported their work.

The Asia Natural Capital Window provides grants for the design and launch of blended finance solutions focused on natural capital in Asia and is currently open for applications.

To cater to our participants in different time zones, the webinar is scheduled at two different times.

EAST COAST/EUROPEAN TIME

Tuesday, January 18, 9 – 10:00AM ET (GMT-5)
