To whom it may concern,

Good day.

I am Krystel, a resident of Pinamalayan, Oriental Mindoro. I am writing to raise a concern regarding the mangrove trees that were cut down for the purpose of putting up a resort. This mangrove area is specifically located at the coast line of Zone 1, Paraiso, Pinamalayan, Oriental Mindoro.

Please see attached photos for your reference.

I am not against building recreational establishments, a resort for that matter and I understand that the owner of the on-going resort establishment may have bought a lot near the shore on that area, however, it concerns me if it is legal or permissible to cut down a group/line of trees serving as protection especially in times when there are storm surges.

I have not much info whether they got a permit or not, as it was just a short visit and I have not personally spoken to the owner.

We are all aware of the worsened casualties year by year caused by the typhoons(super typhoons), that is why, thru this little action, I am hoping it could be of help to having a safer future for all.

Hoping for your kind attention on this matter.

Thank you very much.

Respectfully,
Krystel Olanda
