Dear Sir/ Madam:

I am again forwarding my Message Request for a copy of the investigation done last 2016 on Lot No. 0452051103 or document tracking no E-2021-72946.

I have attached a copy of the transmittal sent to you by PENRO R4B.

Kindly provide me with working DENR landline numbers so I can also follow up by telephone.

Sadly, I did call up all these numbers: 82493367; 82483368; 82483468, but only say "all circuits are busy now" the whole time. While your other numbers: 84050046; 84050157; and 85369784 only say "not in service," all the time. The number 85369784 only rings with no one answering, and after 12 rings it automatically shifts to a busy tone.

These happened from morning till the afternoon everytime I call.

I am earnestly hoping that you can provide me with a copy of the aforementioned investigation results the soonest possible. Kindly acknowledge this email.

Thank you.

Sincerely yours,

Miriam C. Lucas

Dear Sir/ Madam:

Good day! I was informed by Milner Macarandang (Administrative Assistant III) from the office of the Regional Executive Director that my email was forwarded to the Licenses, Patents and Deeds Division regarding Document Tracking Number E-2021-72946.

May I be given a copy of the investigation result done on Lot No. 0452051103 requested last June 15, 2016 by my brother Wilfredo Caballero to former Regional Executive Director Oscar C. Dominguez. The investigation on the property has already been done since then and so we would like to have a copy of its result. Our family believes that this lot is part of the salvage zone area, and that it is not allowed to build structures of any kind within the 20-meter salvage zone area.

 Attached is a copy of the transmittal letter sent to you by PENRO R4B. Kindly acknowledge this email and hoping for an immediate action regarding this request.

Thank you!

Miriam C. Lucas
