Ma. Lourdes G. Ferrer, CESO III
Regional Executive Director
Department of Environment and Natural Resources

Dear Ms. Red Ferrer

Greetings!

As part of the requirements in the course of GEE 1.1 - Nature, Culture, and Spirituality, the 4th year students from Miriam College are to do a Service-Learning Project. I have approved the plans of the students, namely Beatriz Buena, Jenny Chua, Sukhjinder Dhaliwal, Erykah Raymundo, and Aayushi Sharma.

In partnership with the United Nations Development Programme and Tamaraw Conservation Program, the students have chosen to raise people's awareness on the importance of the Tamaraws, one of the Philippines endemic animal species found in Mindoro that is included in the list of critically endangered animals. Through the showing of the documentary film "Suwag O Suko", the students endeavor to help gather funds to help the rangers who are working for the conservation of the Tamaraws in Mindoro Island.

We sincerely hope that this will merit your immediate and most favorable response.

Thank you very much.

Sincerely,

Ms. Louie Parungao

Professor
