

MEMORANDUM

FOR : The Regional Executive Director
DENR MIMAROPA Region
Roxas Boulevard, Ermita, Manila

FROM : The Assistant Secretary for Policy, Planning and Foreign Assisted and
Special Projects and Director, in concurrent capacity

SUBJECT : **SUBMISSION OF PROPOSED SITE FOR THE
CONSTRUCTION OF SMALL WATER IMPOUNDING
SYSTEM (SWIS) STRUCTURE**

DATE : **JUL 12 2021**

This pertains to your Memorandum dated 18 May 2021 regarding the submission of the proposed site for the construction of Small Water Impounding System (Spring Development) in Sitio Kuli-kuli, Barangay Armado, Abra de Ilog, Occidental Mindoro.

Review and evaluation conducted by this Office on the proposed construction site of SWIS (Spring Development) disclosed that the nearest National Greening Program (NGP) plantation was established last CY 2011. The newly established NGP plantations are located more than 2 kilometers away from the proposed construction site of SWIS.

In this regard, this Office recommends that an alternative site for the establishment of SWIS (Spring Development) be proposed to supply the needs of newly established plantations. Moreover, the engineering design of the storage tank should be revised since the computed water holding capacity of the structure is only equivalent to 46m³. The tank should have a water holding capacity of 50m³ as targeted by your Office.

FOR YOUR INFORMATION AND APPROPRIATE ACTION, PLEASE.

MARCIAL C. AMARO, JR., CESO III

MEMORANDUM

FOR : The Director, Forest Management Bureau
Visayas Avenue, Diliman, Quezon City

FROM : The Regional Executive Director

SUBJECT : **SUBMISSION OF PROPOSED SITE FOR THE CONSTRUCTION
OF SMALL WATER IMPOUNDING SYSTEM (SWIS)
STRUCTURE**

Respectfully forwarded is the Memorandum dated March 11, 2021 of the OIC-PENR Officer Ernesto E. Tañada of Occidental Mindoro, submitting the required information/documents on the proposed Small Water Impounding System (SWIS) structure to be established in Sitio Kuli-kuli, Barangay Armado, Abra de Ilog, Occidental Mindoro as follows:

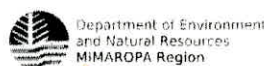

1. Rationale of the Proposed SWIS;
2. Geo-tagged picture and plotted GIS map output of the watershed where the SWIS will be established; and
3. Detailed engineering design including Program of Works and cost estimates.

For information and consideration.

MARIA LOURDES G. FERRER, CESO III
