Dear Maam / Sirs,

Thank you for your prompt reply.

To answer your question (see attached item) please see our response in green font –

Your documents are still under review. Based on the map you have submitted, there are two lines: green and red. However, only the red line is included in the Legend box. May we ask what the green line is pertaining to?

BLAP: Please see below legend for the green line-

Furthermore, may we also ask for your requests to be reiterated, please, so we can address all of it, and respond to you in one communication.

BLAP: As discussed during our previous meeting we would like to seek for your guidance, advise and confirmation for the following concerns –

- 1. Can you please confirm if the marine route survey that we presented will traverse in any of the protected areas based on the documents that we submitted.**
- 2. If yes, may we have the list of contacts that we needed to coordinate with for our guidance.**
- 3. It was mentioned during the meeting that SEP is no longer needed during the conduct of the marine survey, may we confirm this also.**
- 4. A “no objection letter” from your side regarding our conduct of survey in Palawan Area**

Thank you and waiting for the positive feedback on our request please.

Stay safe!

Dear Maam / Sirs,

Good day!

May we kindly follow up the status of our documents sent to you last Wednesday, 30 June 2021 please?

The last update that we received via email is that it is currently under review same when we called via call early this morning.

We would really appreciate your prompt reply because the inshore survey is targeted to commenced by end of this week as mentioned also during our meeting last June 30.

Thank you and looking forward to hearing from you soon.
