Well received with thanks. As mentioned to you, we need to update the base info of the SAP. In case you find them useful, I am attaching four of my recent (2018-2021) publications on the seagrasses of SE Asia. They are the latest comprehensive updates on the region's seagrasses.

Thanks much. Regards.

Dear SCS SAP Inception Workshop participants and colleagues,

Please find attached a letter from Dr. Virginie Hart, Senior Project Manager of the UNEP/GEF project entitled "*Implementing the Strategic Action Programme for the South China Sea and Gulf of Thailand*" (SCS SAP Project), thanking you all for your participation and support to the SCS SAP Project Inception Workshop held virtually on 1 July 2021, 0900-1300 Indochina Time.

We are pleased to inform you that we have over 200 participants coming mostly from the national and local authorities and academic institutions from participating countries, regional organizations, programs and initiatives, and fisheries departments and offices of SEAFDEC member countries. Please see attached list of participants and group photo.

Thank you and best regards,

Rey
