Actionable Items and Agreements

Issues and Concerns

- Considered as **threat** the continuous Recruitment of CTGs, especially in the different Schools.

- Cross refer the implications of PESTLE in the threats and opportunities.

- Include in the Socio-cultural perspective the lack of education and information drives regarding CTG infestation and recruitments.

Recommendations/ Agreements

- Will be added to the Presentation.

- For further assessment and improvement

- Will be added to the presentation.

Issues and Concerns

- Recommendation from RD Valera of DTI: Give livelihood assistance such as goods for Sari-Sari Stores.

- Overlapping of Cluster Activities.

- NTF-ELCAC should provide clear guidelines on specific deliverables (measurable) of each cluster.

Recommendations/ Agreements

- Will be added to the Ways Forward or 6 month implementation Plan.

- Determine the cluster in which the activity belongs. Once determined, that cluster should take over the lead of PPA implementation.

- Solve this problem at the Regional Level. Regional Level Clusters should go first to CORDS before to the NTF-ELCAC.

Issues and Concerns

- Regarding the Amnesty Program, how many beneficiaries are still in ongoing process?

- Is the Barangay Assembly Day already conducted?

- Overlapping of Cluster activities.

- Add assessment of Organization in the perspective of Organizational Development (DILG-Lead Clusters).

Recommendations/ Agreements

- Awaiting for the report from DOJ.

- This activity is conducted every semester (semestral).

- Let us situate ourselves in the perspective of each cluster where we belong.

- Add this to the presentation
  - Separate the presentation of each clusters.
  - Include in the Annex the list of PPAs.
  - Focus on the Objectives. How are these objectives being achieved through the cluster PPAs?

Issues and Concerns

○ Inclusion of accomplishments of different executing agencies for the sectors.

○ On the number of barangays, provide clear reference. Site the specific barangay where the PPA was implemented.

○ For Livelihood PPAs, how does these PPAs interact with PRLEC Cluster?

Recommendations/ Agreements

○ The executing agencies to submit the accomplishments

○ Site the specific barangay where the PPA was implemented. 25 Barangays refer to SBDP Barangays. 54 Barangays are prioritized for the conduct of RCSP.

○ Clarify the cluster involved. Clarify the cluster who owned the said PPA (delineation of roles and responsibilities per clusters). We need to see the interaction between the clusters involved in the implementation of these PPAs.

Issues and Concerns

- ○ Quantitative and Qualitative reports are relevant

- ○ Do we have a KPI on health services?

Recommendations/ Agreements

- ○ Include/add these in the presentation.

- ○ DOH may provide the number of children immunized in GIDA Areas. Other details will be consulted with the DOH Regional Director.

- ○ DOH and Philhealth, together, can provide the RTF a data on malnutrition, Philhealth coverage, non-communicable diseases, and others that contributes to the elimination of CTG recruitments and infestations.
- ○ Other agencies are encouraged to submit their **KPIs** for inclusion in the presentation.

Issues and Concerns

- DILG assistance to organize and make the celebration of IP Month Successful.

- Provincial levelling will be conducted. Target participants are the Barangay Stakeholders.

Recommendations/ Agreements

- RTF Full Cluster Meeting shall be conducted to ensure participation of NCIP.

- RTF may cascade (applicable) PPAs presented here to the Provincial levels prior to the levelling activity.

Ways Forward

- ○ Improvement of Cluster Perspective/Situational Updates and the Cluster reports

- ○ Improvement and execution of July-December 2021 Cluster Implementation Plans

- ○ Conduct of the Bike for Peace on July 17, 2021 (Saturday)

- ○ For SUCBEM: Conduct of NAMUSPA on August 12, 2021 (conduct of coordination meetings, preparations and provincial sessions)

Issues and Concerns

○ How is the coordination with NCIP?

○ What are the challenges encountered of the clusters? How is the coordination being done with other clusters?

Recommendations/ Agreements

○

○

○ Include/Add these in the presentation.
