To: DENR Mimaropa Region <mimaroparegion@denr.gov.ph>

Please see a video posted on the group WHAT'S HAPPENING in Puerto Galera
Showing the monkey population roaming in the area just destroyed by the owners of Verde Villa Resort

I have also made reference to this destruction the the mayor Rockey Illigan

This wanton destruction in the chase for dollars during a pandemic and disregard for habitats for fauna and wild life is an act of vandalism and DENR should take action.

Is a Salvage area also being destroyed without regulatory permits.

Action is required
