 **2021-06-12 CDMP sulubaai for DENR - final map.pdf**

Dear all,

Following the technical meeting on June 10th we now have the final map of the area applying for FlagT which is 21,989 square meters.

=> You may find the final map attached with the approval signature of Fred Tardieu. (the original will be sent by mail).

Since we now have the final map of the FLAgT area, I updated the CDMP to replace the proposals with the final map.

=> Please find attached the last version of the CDMP for approval.

Sincerely yours,

 **2021 CDMP sulubaai for DENR.pdf**

Dear all,

Please find attached the new version of our CDMP which follow all the recommendations required in the letter received on June 3rd.

The CDMP includes the proposal areas for the flagT application: the proposal from the DENR (as made by Mr. Alfred Lopez) and the initial proposal map by Sulubaai.

We should find an agreement on the FlagT area and any other concerns during the technical meeting tomorrow.

Sincerely yours,

--
