Greetings!

My name is Karlo Fernando B. Aguila, an undergraduate researcher at Adamson University, and I am writing a thesis entitled *A Checklist of Selected Flora and Fauna of MIMAROPA with their Distribution and Conservation Status*. In this regard, I would like to determine if DENR - MIMAROPA has already published such a study; if it has, could the agency provide me with a copy of said checklist? This would greatly aid in my thesis .

Hoping for a favorable response.

Sincerely,
Karlo
