Dear Sir/Mam,

Stay on top of ***Sylvatrop***, the official technical journal of the DENR! Discover our #LatestIssue in collaboration with the Institute of Renewable Natural Resources from the College of Forestry and Natural Resources of the University of the Philippines Los Baños!

This special issue covered topics on spatial vulnerability assessment, carbon stock assessment of agroforestry systems, image analysis to assess regeneration and restoration dynamics of a tropical forest under stress, tree biomass estimation, assessment of the Bachelor of Science in Forestry curriculum, landslide susceptibility mapping, development of nonlinear models in an industrial tree plantation, Spatio-temporal analysis using Geographic Information System (GIS) and remote sensing software, and estimation of visitors' willingness to pay for the enhanced conservation

of Mount Makiling Forest Reserve.

 You can download the latest issue here --->
