MEMORANDUM

FOR : The Community Environment and
Natural Resources Office

THRU : The Chief Monitoring and Enforcement Section

FROM : The Undersigned

SUBJECT : **SPOT REPORT ON THE APPREHENSION OF IPIL
LUMBERS IN BARANGAY TANATANAON, DUMARAN,
PALAWAN.**

Please be informed that on June 15, 2021 around 8:21 AM the undersigned together with the One Squad of 3rd MC Marine Battalion Landing Team 3, Bantay Palawan Task Force, and Western Command apprehended 3,317.51 board feet of Ipil lumbers in Barangay Tanatanaon, Dumarán, Palawan.

During interview to Barangay Chairman Allen Samson mentioned that the said lumbers were intended to be utilized in the building of the bridge under construction. The bridge is to be utilized by the community living therein which especially serve during rainy season because the water line in the river is high and not possible for the people to cross for the transport of their farm products to market. The bridge was requested by the people of the said community with the Barangay Local Government Unit of Tanatanaon, then the Barangay Local Government Unit of Tanatanaon submitted resolution requesting the Municipal Local Government Unit of Dumarán for building of said bridge. Barangay Chairman Samson also added that the subject bridge is a Municipal Project of Dumarán, the Barangay just supervised the construction and the community therein joined and cooperated in the construction of said bridge to expedite completion. Kagawad Antonio Apolinario of the same Barangay mentioned that the said bridge has a program of works but not yet signed by the Municipal Mayor, but not presented to us.

During that time of apprehension, there was no person caught building the said bridge. The team only able to haul 680 board feet of the total apprehended Ipil lumbers with different dimensions and brought to the DENR-CENRO Roxas Compound located in Brgy. 3, Roxas, Palawan due to lack of manpower, the Ipil lumbers are very heavy considering its big sizes/dimension and considerably far distance of its location to the hauling truck that is not possible by the team to carry. And there is no individual therein willing to lend their Carabao to be used in pulling or transporting the said lumbers to the Barangay road in excuse and hesitation that the barangay folks will have grudge with them that they will be bullied and maligned. The 2,637.51 board feet of Ipil lumbers with different dimensions that left in the area were under the Temporary custody of Barangay Chairman Allen Samson, Barangay Kagawad Antonio Apolinario, and Kagawad Ronnie Gajardo, all are Barangay Officials of the said Barangay.

A certain Mr. Boyet A. Embrado is the alleged person who conducted the slicing of Ipil lumbers to be used in the bridge under construction.

When the pick-up vehicle of the Bantay Palawan Task Force went out and returned to the apprehension area, the tire was being flat by nails nailed in wood that was being planted in the road. The team decided to pull-out in the area for security purposes.

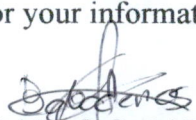

When we were packing our things, the pick-up of the MDRRMO Dumaran also came to rescue the vehicle of Bantay Palawan Task Force, the tire was also flat by nails nailed on a wood.

The team observed that violation of Section 77 of Presidential Decree 705 as amended by Executive Order 277 and Republic Act 7161 was being committed; the team hereby recommends that Administrative Adjudication must be taken.

Attached herewith are the following:

1. Apprehension receipt ,and;
2. Photo Documentation.

For your information and record.
