Dear RED Ferrer,

We're pleased to share with you Blue finance latest Press Release re our achievement in Belize:

"Mirova, IUCN, TASA, Blue finance and ministry of Blue Economy of Belize announce their partnership in an innovative blended finance facility to improve the management of Belize's marine protected areas & contribute to its blue economy"

The US\$1.2 million facility allows the Marine Protected Area co-manager, Turneffe Atoll Sustainability Association (TASA), to implement a number of sustainable revenue-generating initiatives and enhance the protection of the 132,000 hectares of spectacular coral reef ecosystems. The investment will have a positive impact on the local economy, including coastal fisher communities.
