Message	<p>Good evening. I would like to clarify if this case can be complained to non compliance of RA 11032.</p> <p>Last August 7, 2021, I sent an email to DENR Mimaropa Regional Director, stating my request and concerns. On August 27, 2021, Regional Director issued a memo for DENR-CENRO Roxas, Palawan and PENRO-Palawan to conduct a fact finding investigation and submit a report regarding my request</p>

	and concern within 7 days and in compliance to RA 11032. However, until now there is still no clear result for my request after more than two months of consistent follow-up. As per DENR Regional Office Enforcement Division, CENRO Roxas, Palawan was still unable to submit report despite of the prescribed period given that is why they cannot make any decision on my request.
