Dear Sir/Madam:

The DENR, through the Gender and Development Office is mandated, among others, to implement capacity development programs considering the differing needs, roles and expectations of both men and women in the environment and natural resources (ENR) sector, thereby contributing to the overall development goals of the country.

Gender mainstreaming requires new forms of knowledge acquisition, communication and knowledge management at the interface between policymaking, administration and science, because previous knowledge needs to be checked for orientation to gender equality. The Goal 5 of the GAD Agenda of the DENR, calls for enhanced Knowledge Management System (KMS) of GAD hence, the "DENR National Meeting on GAD Knowledge Management System" is being called on 09 November 2021 (Tuesday), from 9:00am to 4:00pm via zoom platform.

Specific objectives for national meeting are: (i) Initially develop the DENR GAD Knowledge Management System; and (ii) Harmonize some components of the GAD Knowledge Management System and classify links with other databases and pages. In relation to this, we would like to invite per office, your GAD Focal Person and an assistant, two planning officers, two information, and communication technology officers, and two information officers.

The link to the meeting is:
