Dear MGB-MIMAROPA

According to CENRO Brooke's Point, the Special permit for Cutting Trees and Land Balling is effective from May 2016 to May 2017, which we know this expired in May 2017.

But why do they have cutting trees beyond the special permit and according to CENRO they do not have any new special permit on file from INC.

This is a clear violation and or we just don't take a look at it and we played deaf and blind? The lives of the people are at stake! When flash floods come, your words will NOT SAVE THE LIVES of the people. The Words and Promises of the INC Will do not BACK THE LIVES of the people if they are going to die!

Are we going to wait that Palawan becomes MINDANAO? Only a few drops of rain the floods coming to the lower ground. You are talking no sense for the people who get affected by floods, while your houses are in airconditioned and while those people are dying when the rain comes.

Defending businessman for the sake of Filipino lives is a JOKE!

You know what? There is a story in Brooke's point that your agency who help INC to the OMBUDSMAN to removed our Dearest Mayor who against MINING because she knows that Brooke's Point is vulnerable for this kind of flooding.

I wish that your agency re-visit and investigate when they stop cutting Trees because People of Brooke's point knew they cut trees beyond May 2017 which expired their Special Permit. That violates their business and must stop!

Thank you.

TO PCC and to our Honorobale His Excellency President Rodrigo Roa Duterte:

We are calling your attention regarding this and please commute the suspension of Mayor Mary Jean Feliciano Delos Angeles of Brooke's Point who she fought against Mining which causes flash floods and landslides to the area. We wish that this will be your present to us to the people of Brooke's Point that our Mayor will reinstate and lead us again for the future of our Municipality.

Thank you our beloved Mr. President. Mabuhay po kayo!

Salamat po.
