Dear Enforcement Mimaropa,

Thank you for your email.

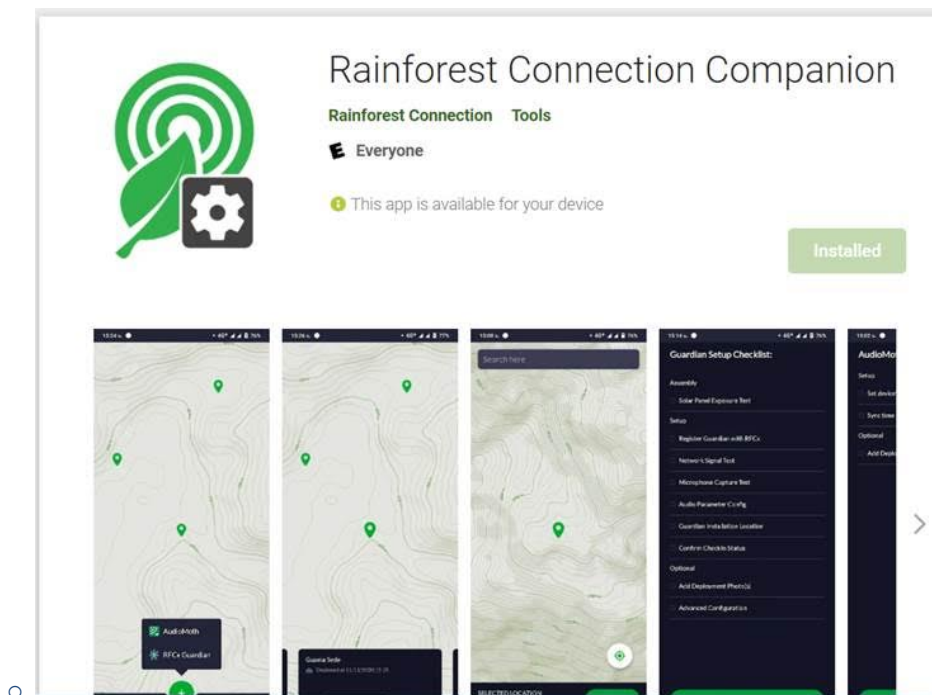

We conducted an online training yesterday attended by Forest Technician 1 Voltaire De Los Angeles and Forest Ranger John Vincent G. Sanchez via zoom. We can have another session this Friday, Nov 26, 2021 at 3pm via zoom. The 2nd training will focus on:

- **RFCX Guardian**
 - Parts
 - How to assemble
 - How to install (tree top)

We will not be doing the activation training since this will require assistance from RFCX. Focus first on how to assemble and attach the RFCx Guardians to the tree.

In preparation for the installation, please kindly download the Rainforest connection Companion App in your mobile device or laptop. Easier if mobile.

- Download the RFCx Companion App via IOS or Android (Mobile Phone if you will be with us on field/site work)
 - https://play.google.com/store/apps/details?id=org.rfcx.companion&hl=en_SG&gl=US

Zoom meeting link to follow.

We can not do the training next Monday because we will be preparing to fly to El Nido on Nov. 30. Thank you.

Best,

Karrie

Subject: ON-LINE TRAINING REGARDING THE NEW RAINFOREST CONNECTION GUARDIANS REPLACEMENT

DEAR MAM KARRIE,

Greetings for this coming Holiday Season!

This is to acknowledge receipt of your e-mail dated November 16, 2021 regarding the installed Rainforest Connection Guardians in five (5) key location in El Nido and Taytay, Palawan last January 2020 but due to weather inclement, said guardians were unexpectedly devastated/deteriorated and lost signal which resulted not transmitting alerts, and presently needs to replace SD cards as one of the initial findings by the RFCx team.

Based on your suggestion, a DENR personnel will be trained on how to install the devices for the replacement of Rainforest Connection Guardians, hence the hereunder DENR personnel are the representatives of DENR Main and DENR Palawan in the ON-LINE TRAINING TO BE HELD ON NOV. 23-24, 2021; as follows:

1. DENR PENRO Palawan - Forster II Arnel Gamutia, Asst. Chief, Monitoring & Enforcement Section;

2. DENR CENRO Taytay - Forest Technician I Voltaire Delos Angeles

and Forest Ranger John Vincent g. Sanchez

3. DENR Main-Regional Office - Devt. Mgt. Officer II Arnel Astrera

and Admin Asst. I Myrna Vizcayno.

We really appreciate your efforts towards the protection and conservation of the remaining natural resources in the province of Palawan through said technology and looking forward for the protection of another site in MIMAROPA Region.

Thank you.
