**SUBJECT : REQUEST OF SNAKE ISLAND MANAGEMENT OFFICE TO
THE DENR-ERDB SNAKE ISLAND FOCAL PERSONS TO
LEAD THE CONDUCT OF MARINE RESOURCE
ASSESSMENT AND MONITORING AT SI-NCMCR**

This has reference to your memorandum dated 11 October 2021 on the aforementioned subject.

We would like to inform you that we will be sending the ERDB Snake Island Focal Persons and Habitat Assessment Team to conduct the 2021 annual monitoring assessment of coastal and marine resources. However, given the tight quarantine protocol of Puerto Princesa, the assessment activities scheduled on 15-19 November 2021 will have to be reset tentatively on 6-10 December 2021. The activity will be jointly conducted by DENR-ERDB, DENR-BMB, and PENRO-Palawan. We will be coordinating with the City Incident Management of Puerto Princesa on the travel requirements. Also, may we request for the assistance of PENRO-Palawan particularly on the conveyance of our team from the airport to the research center at Snake Island.

For your information and appropriate action, please.
