Good day, DENR MIMAROPA.

During the Special Meeting for the Yolanda Permanent Housing Program in Coron attended by ARD Vicente Tuddao Jr., it was discussed that the NHA resettlement sites located within the Unclassified Public Forest area must either be reclassified into A&D through an Act of Congress or be classified as A&D by the President or the Secretary of DENR.

We have already reached out to the CENRO and PENRO regarding the requirements in order to facilitate the action. The CENRO has already forwarded the GIS Maps of the project sites. The NHA has also provided us with a copy of the Land Title that its contractors have, as well as the tax declaration and clearance. We understand that an investigation is warranted in order to verify the Land Title since the area has long been a forestland before the issuance of the title in 1949.

With this, may we respectfully request the documentary and procedural requirements of the two (2) options provided above to facilitate the land titling issue in Coron?

Your assistance in this matter is highly appreciated. Thank you very much and kind regards,
