

**CALAPAN RIVER WATER QUALITY MANAGEMENT AREA
GOVERNING BOARD**

**MINUTES OF SECOND QUARTER GOVERNING BOARD MEETING
CY 2021**

Venue: Virtual Meeting via Microsoft Teams
Time: 10:00 AM – 12:30 PM
Date: June 14, 2021

Attendees:

Atty. Michael Drake P. Matias	-	EMB MIMAROPA and CR WQMA Chairperson
Elizabeth L. Abogado	-	CGC – Office of the Calapan City ENRO
Nathan L. Tambobong	-	NWRB
Mirabelle B. Lanuza	-	NEDA - NRO MIMAROPA
Ivy Joan Cananea	-	DHSUD MIMAROPA
Michael Casto A. Ras II	-	DILG MIMAROPA
PD Jesse M. Pine	-	DOST MIMAROPA
Larry C. Rivera	-	Calapan Water Works Corp.
Yolanda R. Manato	-	Hospital of the Holy Cross (Business Sector)
Nanette M. Geronimo	-	Calapan River Initiative (NGO)
Pablito M. Estorque, Jr.	-	EMB MIMAROPA
Ederlita U. Labre	-	EMB MIMAROPA / PEMU Oriental Mindoro
Adz Hazen M. Dimapilis	-	EMB MIMAROPA / PEMU Oriental Mindoro
Carlotta Levinia R. Jugno	-	EMB MIMAROPA / PEMU Oriental Mindoro
Maelyn Kathryn D. Tupasi	-	EMB MIMAROPA / CRWQMA Secretariat
Karl Alexander R. Dammay	-	EMB MIMAROPA / CRWQMA Secretariat
Sharmaine G. Maniego	-	EMB MIMAROPA / CRWQMA Secretariat

CRWQMA Members : 19 members
Number of Members Present : 10 members
Number of Members Absent : 9 members

A. Call to Order

The Secretariat started the meeting with a short prayer at around 10:10 am.

Ms. Tupasi introduced and acknowledged the presence of each governing board member and other attendees.

Engr. Estorque recognized the presence of everyone and determined the quorum after the secretariat declared that 10 members were present out of 19 members. He then introduced Regional Director Atty. Michael Drake P. Matias to chair the meeting.

To officially start the meeting, the CRWQMA Chair, RD Matias gave a short message to the members.

B. Presentation and Approval of the Agenda

Agenda for the meeting were presented as follows:

1. Review and approval of previous minutes
2. Presentation of accomplishments and water quality status
3. Status of clearances and permits of commercial establishments
4. Status on the STP Plans of CWWC
5. Status on the construction of VHFS built for Bayanan Piggery Farm within the WQMA
Presentation of WQMA Activities for the Rehabilitation of Calapan River
6. Other Matters

RD Matias, the CRWQMA Chairperson, suggested an additional matter to be discussed: Recommendations or programs that may result in the improvement of water quality of Calapan River. The provisional agenda was thereafter approved/

C. Presentation of the Minutes of the Previous Meeting

- The minutes of the 3rd quarter CY 2020 governing board meeting was presented by the CR-WQMA Secretariat.
- The Chairperson moved for the approval of the minutes to which the DOST PD Jesse Pine seconded.
- The minutes was approved as presented.

D. Matters Arising from the presented minutes

MATTERS	ACTION TAKEN / STATUS
Status of the Vertical Helophyte System (VHFS) being constructed at the Bayanan Piggery Farm	<p>DOST PD Jesse Pine initially discussed the VHFS project. He informed the board that the project will resume construction soon as the current pandemic restrictions will be loosened or lifted. Currently the VHFS is not yet completed and thus it is not yet operational.</p> <p>He added that the municipality of Gloria has installed the same for the treatment of the effluent from the SLF. He appealed to the EMB if they could have an analysis on its effluent. In this way, the board can better appreciate the efficiency of the technology, VHFS.</p> <p>NRO MIMAROPA Mirabelle Lanuza asked PD Pine if the expert on VHFS is a private entity or from DOST Region 11 and if the VHFS project is funded by DOST.</p> <p>PD Pine said that the “expert” is a consultant that works for DOST on a contractual basis.</p> <p>RD Matias clarifies that among the piggeries in Calapan City, only Bayanan Piggery Farm availed VHFS technology for the treatment of their effluent. This is to answer the query of NRO MIMAROPA if VHFS is applicable to all piggeries in Calapan City.</p>
Compliance of Bayanan Piggery Farm to the General Effluent Standards	<p>CRWQMA Chair, RD Matias, asked for the status of Bayanan Piggery Farm whether there is already TLO or CDO is still in place. He also instructed the PEMU to conduct re-inspection to include the computation of the capacity of their septic tank and other compliances.</p> <p>According to EMB-PEMU Oriental Mindoro, Bayanan Piggery Farm is operating but they have no discharge. They store their generated effluent in tanks that are located inside the piggery. The PEMU added that St. Anthony collects the wastewater and used it for irrigation of ornamentals.</p>

E. Presentation of Accomplishments and Water Quality Status

The CRWQMA Secretariat showed the accomplishments of the WQMA based on the action plan.

TARGET	ACCOMPLISHMENT
Map of Establishments within WQMA using ArcGIS	The map is presented to the board (see attached)

Study on Pollution Load	Initial Data on Establishments within WQMA is presented (see attached)
Updates on the 3 fast food chains issued with CDO	PAB Resolution is presented
Status of Compliances of Establishments within WQMA	Power BI is shown

F. Updates on the Three (3) Fast Food Chains issued with CDO

Name of Establishment	Status
Chowking DENR PAB Case No. 4B-00944-19	Complied with the 5 TLO requirements March 12, 2021: Temporary Lifting Order was issued for a period of 60 days
Jollibee Calapan 1 DENR PAB Case No. 4B-00945-19	Complied with the 5 TLO requirements March 12, 2021: Temporary Lifting Order was issued for a period of 60 days
Jollibee Calapan 2 DENR PAB Case No. 4B-00946-19	Complied with the 5 TLO requirements March 12, 2021: Temporary Lifting Order was issued for a period of 60 days

G. Issues and Concerns Raised during the Meeting

CONCERNS	RESPONSE
NRO MIMAROPA requested for a copy of shape file and asked if other WQMA is included.	The CRWQMA Secretariat said that the EMB is still on the process of completing the details needed for an interactive map
Treatment of wastewater from Households	NRO MIMAROPA Ms. Lanuza asked on the treatment of wastewater generated by households. CRWQMA Chair RD Matias said that it is the LGUs' responsibility to put up its own centralized STP to address the discharges from households. Septic Tank as we all know is not enough treatment for the generated discharges.
The DILG expressed their support and willingness to help in the implementation of laws/policies	The CRWQMA Chair responded that the Governing Board can work together for the improvement of the water quality of Calapan River. Initially the existing policies must be well enforced. With the current situation of the WQMA, it is best to have every drainage system be connected to a centralized STP like in Puerto Galera
Possibility of a Regional STP raised by NRO MIMAROPA	The CRWQMA Chair responded that there must be a huge budget allocation for STP plans. The DOST added that the NEDA should encourage all LGUs to allocate funds for STPs. A Board Resolution could be a start for the realization of this proposal. The NEDA assured that this recommendations will be elevated to the economic development sector

Proposed 5-year development plan that must emanate from the CRWQMA Governing Board was suggested by DILG	The CRWQMA has an approved ten-year action plan. This plan is still currently being implemented and accomplished. The best option probably would be the revisit on the action plan to check whether there is a need to revise some key measures or specific actions.
Feasibility Study for Calapan City, Oriental Mindoro	<p>This has been submitted to the recipient LGU and other NGAs for the information of the NRO MIMAROPA. Soon as the release of the FS, this was also presented to RDC. The CRWQMA Chair asked the NRO MIMAROPA for a presentation in the next quarter’s meeting for updates.</p> <p>The City Government of Calapan represented by EnP Elizabeth Abogado from the City ENR Office said that the FS made for Calapan City is of a great help to the city and that they are grateful for being chosen as recipients of the program.</p>

H. Updates on the STP Plans of Calapan Water Works Corporation

- The Calapan Water Works Corp, represented by Mr. Larry Rivera, gave the board an update on their STP plans. He mentioned that they have a plan to meet with the City Government of Calapan to discuss the relevant matters and issues concerning the establishment of a centralized STP. For instance, the issues on pipe laying, septage management, distance, and proximity of each barangay, etc. Mr. Rivera assured that the plans will be presented to the board during the 3rd quarter meeting.
- The CRWQMA Chairperson RD Matias then asked for a timetable on their STP plans for the information of the board. The CWWC said that due to the current travel restrictions, it is difficult for them their plans to materialize. Nevertheless, Mr. Rivera gave an approximate 3-5 year period before the completion of the said project. He added that the most adaptable for everyone is the septage management and that this will be presented to the City LGU
- As per EnP Abogado of the City LGU, no meeting is set with CWWC as of date.
- The Board agrees that the CWWC will keep at least the CRWQMA Secretariat updated on the status of this meeting.

I. Presentation of Water Quality Status

- The CRWQMA Secretariat presented the water quality status of Calapan River with the focus on its BOD and Fecal Coliform. The Secretariat also showed the board that all data are available in the EMB website.

J. Agreements Made During the Meeting

Concerned CR WQMA Member	Agreements
CR WQMA Secretariat	Send a copy of the FS to the NRO MIMAROPA
City Government of Calapan	Provide a copy of the environmental code of the city
CR WQMA Secretariat	Draft a revision for the 10-year action plan in coordination with EMB MIMAROPA
EMB MIMAROPA in coordination with the City LGU	Inform the media and general public on the water quality as per suggestion of PD Pine of DOST specifically the use of LCD screens in Calapan City
CR WQMA Secretariat	Draft Resolution: No Business Permit if no Environmental Permits.

	Environmental Permit preferably discharge permit must be part of the requirements in securing business permit
--	---

K. Adjournment

- The meeting was adjourned at 12:27 PM.

Prepared by:

MAEVELYN KATHRYN D. TUPASI
WQMA Focal Person

Noted by:

ENGR. PABLITO M. ESTORQUE JR.
Chief, EMED
