To Miss Ma. Lourdes Ferrer,

Good day po,

This is Abegaile Mallari, concern citizen and a volunteer of COT terminator here in El Nido, I together with my fellow divers and guides are asking your good office to help us save our ocean here in El Nido, we have been going out and collecting and injecting Crown of Thorns that are infesting our coral reefs in out area.

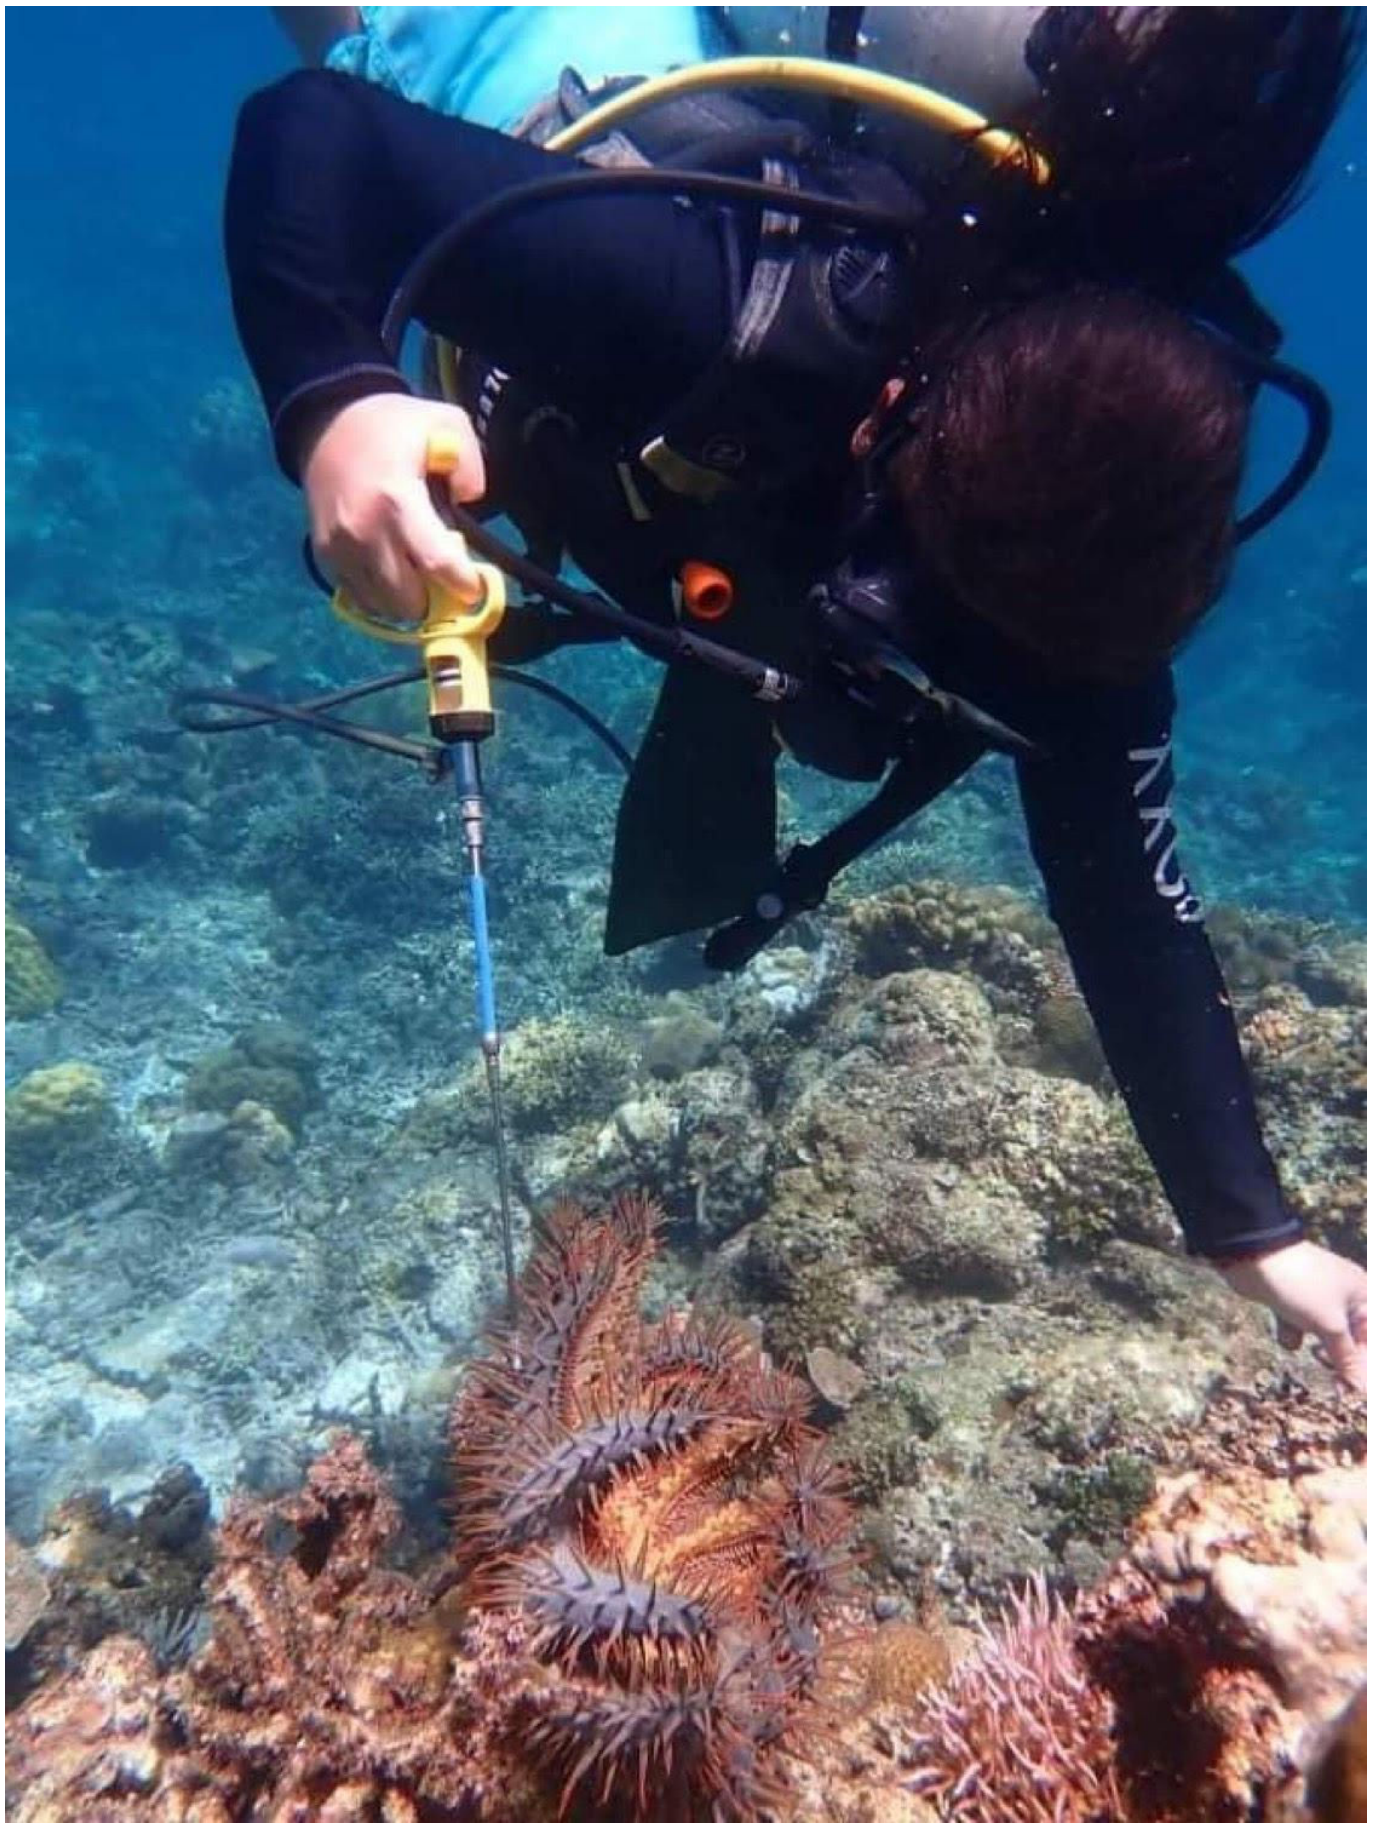

We have been asking local businesses in the area for donation to keep our activity going, but we are running out of funds, we are half way terminating the infestation.

We are asking your good office for financial assistance for us to continue this activity as we can not stop now that the spawning is still on going. We have the volunteers. we need financial assistance for Fuel (boat and tanks) vinegar and lunch for volunteers hope you can help us with our request.

Best Regards,  
Abegaile Mallari
