Good day,

Based on the Special Meeting held last 22 October, it was discussed that the proposed identified sites for the Yolanda Permanent Housing Program located within the Unclassified Public Forest area in Palawan should be classified as Alienable and Disposable first in order to proceed with the projects.

With this, may we be apprised of the documentary and/or procedural requirements in order to classify the subject forestland into A&D?

We thank you for your support and cooperation. Kind regards,

---
