To whom this may concern,

My name is Angela, I am a fourth-year student at Philippine Christian University studying Bachelor of Science in Information Technology. Our curriculum encourages us to go through training in computer related tasks in order to put into practice what we have learned in school and at the same time to further our knowledge and skills in an actual work environment.

I am reaching out to you as I am extremely interested in joining your organization as an intern, my mother has worked with you for 35 years and I grew up seeing how your organization honed her to be a great employee and contributor to the society.

For your reference, attached is my resume and my school's recommendation letter for your review.

I am looking forward to hearing from you.

Thank you and Stay Safe,

Angela Cantos
