Hi Usec Anna,

Just to follow-up on our request for a letter of support for the BA Annual Work Plan as a member of the Stakeholders Advisory Committee (SAC). MIMAROPA RED as members of the SAC would be the ideal endorser. This is needed as part of the co-management agreement proviso and oversight for BA activities.

The Annual Workplan covers the activities and conservation investments in Baco, Calapan, Puerto Galera and San Teodoro.

Looking forward to your usual support.

Best regards,

Alain Maulion
