Dear all,

Magandang hapon po!

On behalf of the Office of Cong Nene Sato, this is to provide everyone a copy of the revised HB 8299 for your reference. We took the liberty of incorporating the comments/recommendations of both BMB and DENR-MIMAROPA to the said bill. All things considered, we only found a provision that BMB and the Regional Office have different opinions. Specifically, on the Chairmanship of the Council, and making the ARD for Technical Services as Vice-Chair or Co-Chair. We hope that the group can already decide on this matter tomorrow.

Thank you and stay safe!

All the best,
JAY-R
