Hi All,

Saw the draft, looks good to me and I don't have any further comments. Apologies I can't attend the meeting/discussion. Data access here in OMPH is severe. Thank you all for this from all of us in TCP.

Hi Everyone,

Made some minor edits to the latest draft.

Thanks!

Dear all,

Magandang hapon po!

On behalf of the Office of Cong Nene Sato, this is to provide everyone a copy of the revised HB 8299 for your reference. We took the liberty of incorporating the comments/recommendations of both BMB and DENR-MIMAROPA to the said bill. All things considered, we only found a provision that BMB and the Regional Office have different opinions. Specifically, on the Chairmanship of the Council, and making the ARD for Technical Services as Vice-Chair or Co-Chair. We hope that the group can already decide on this matter tomorrow.

Thank you and stay safe!

All the best,

JAY-R
