Dear Sir/Ma'am,

Greetings from ERDB!

We are pleased to provide you a copy of the latest issue of **CANOPY INTERNATIONAL VOLUME 46 NO. 1, JANUARY - JUNE 2020**. Canopy International is a semi-technical publication that promotes global communication and exchange of information on issues and developments affecting the equitable utilization of natural resources and sustainable management of the environment. This issue contain the following articles:

Volume 46 No. 1 January-June 2020 issue:

1. Covid 19 in the Eyes of an Environmentalist by *Florentina D. Oliva*;
2. A Study of Two Coastlines in Peril by *Annieraj g. Antong et al.*?;
3. Will Biotechnology Help Enhance Gugo Seed Germination? by *Janine C. Baguhin*;
4. Insect Resistance Management Strategies in the Philippines by *Alexa Rae B. Advincula*;
4. Panguil River Eco-Park: Exploring a Bird Sanctuary by *Ma. Kristina P. Orpia and Veronica M. Mercado*;
5. *Annona squamosa*: A Promising Sustainable Crop in my Hometown by *Ricky M. Florindo*;
6. A Trio of Critters in your Bathroom by *Kevin Philip M. Olaya*; and
7. Earthwatch by *Maureen V. Cambay*

Sending e-copies of our publications is our means of sharing our knowledge products to people, especially to our DENR offices, researchers, SUCs and other stakeholders during this pandemic.

The copies are also available online at the ERDB website: erdb.denr.gov.ph

May we request you to kindly answer the attached Client Satisfaction Survey Form regarding the service that we can provide you in terms of our knowledge products and IEC materials? The information that you will provide in the survey form will be highly confidential. We are soliciting feedback from our clients so we could serve you better. Please see the link below and copy it to your browser to get started.
