Hello Everyone,

Forwarding the Substitute Bill on the Tamaraw Conservation Management Act from the Natural Resources Committee Secretariat. This will be the draft to be discussed and hopefully approved in the Nat Res Comm hearing on Wednesday, Sept. 22. This is based on the draft we submitted after our mtg last week. Please review and send your comments if possible within the day so we can send it to the Com Sec asap so they can input it in the draft.

Off-hand, these are my comments:

- Sec. 3 - Tamaraw Conservation Coordinating Council acronym should be TC3. Also, in other Sections, please refer to the council as TC3.
- Instead of Region IV-B, refer as MIMAROPA Region, i.e. DENR MIMAROPA Region
- Sec. 6 – No. 10 should be - Lead in the implementation of the TCP WFP in coordination with stakeholders, such as local governments, Protected Area Management Board/ Protected Area Superintendents concerned
- Sec. 6 – No. 11 should be - Prepare and submit quarterly and annual reports on the conservation of the Tamaraw that shall be coursed through the Regional Executive Director for endorsement to the DENR Secretary through the Biodiversity Management Bureau

Thanks and will wait for your comments.

Dear all,

Thank you very much for all the inputs! Attached is the revised version incorporating the inputs of Atan and this morning's meeting. I already removed the corrections in track changes and watermark.

All the best,
JAY-R

Dear all,

Magandang hapon po!

On behalf of the Office of Cong Nene Sato, this is to provide everyone a copy of the revised HB 8299 for your reference. We took the liberty of incorporating the comments/recommendations of both BMB and DENR-MIMAROPA to the said bill. All things considered, we only found a provision that BMB and the Regional Office have different opinions. Specifically, on the Chairmanship of the Council, and making the ARD for Technical Services as Vice-Chair or Co-Chair. We hope that the group can already decide on this matter tomorrow.

Thank you and stay safe!

All the best,
JAY-R
