**SUBJECT : REQUEST FOR A COPY OF ASSESSMENT RESULTS
(TROPICAL PEATLAND ASSESSMENT SHEET AND
WETLAND ASSESSMENT SHEET)**

The ERDB – Forest and Wetland Research, Development and Extension Center is mandated to conduct R&D which focuses on the pressing concerns on forest and wetland ecosystems. The center has an on-going project “*Updating of Profile/Status of Priority Peatlands in the Philippines*” which aims to determine/update the status and extent of priority peatlands in the country including the Bambanin and Kisloyan Peatland in Oriental Mindoro.

With this, may we request for a copy of assessment results (*Tropical Peatland Assessment Sheet & Wetland Assessment Sheet*) conducted in the area or any available studies concerning the peatland indicating important information such as:

Size and location of the peatlands;
Shapefiles and maps of the peatlands; and
Socio-demographic profile of the communities within the peatland area

The requested documents will serve as secondary data and significant reference in the project implementation. Any information can be emailed to fwrdecwetland2019@gmail.com. You may contact For. Joel B. Orella, project leader, through his mobile number 0910-031-8403.

For consideration and approval.

CONRADO B. MARQUEZ
