02 August 2021

Dir. Maria Lourdes G. Ferrer, CESO III
Regional Executive Director
DENR-MIMAROPA, Roxas Blvd.
Ermita, Manila

Dear **Dir. Ferrer:**

The law office writes your Office for two reasons: **First**, follow-up of our letters dated 30 March 2021 and 06 July 2021 (see **Annexes "A" and "A-1" hereof**) re: when did your Office exactly receive Valle's alleged sending of his report on March 17, 2021?; and **second**, PENRO Sanos' letter dated 24 June 2021 (see **Annex "B" hereof**) re: on alleged Lot 334 falling within Lot 333's tieline.

The first is purely a *follow-up* while the second is a request for *thorough verification or evaluation* by your Office because Lot 334 is quite far to Lot 333 by several meters, thus, it seems quite far-fetched that Lot 334 should fall within the tieline of Lot 333, as what our geodetic engineer has informed us.

Thank you and we look forward to hearing from you soonest.

Sincerely yours,

J. L. JORVINA, JR.
