Good day Ma'am / Sir

I received an email from MINE GEOSCIENCE BUREAU MIMAROPA Region, I request an Update on Land Assistance Survey in Sitio Tinangra, Brgy. 9 Tubili, Paluan, Occidental Mindoro. Regarding the land sold by JOSE TALENTO to SHERLEY PANGILINAN, The land sold has no. with survey plan LOT 446 & 449, Pls - 26 (Philcusa - Foa) Paluan Public Land Subdivision.

Our problem here was that our house and land we had live in for about 70 years, I don't want to be bothered, that will just disappear like a bubble, what I'm fighting for here is our right and because it is a public land who really has the right to apply?

and when I went to DENR PENRO Mamburao, asking for help and they did to conduct an aerial survey and the survey showed that our land and house was outside lot 446

But lot 446 went to lot 399 which is titled land. but when it was shown to us after Mamburao PENRO aerial shot survey, lots 446 and 449 are on the other road which is correct in front of the mountain if you are going to Paluan, that's really land sold by JOSE TALENTO to SHERLEY PANGILINAN

Just let me know when you will conduct the survey so that I can notify my uncle and sister in Paluan so that they can prepare something to eat for you. this is my contact number 09958609176 / 09757985608

Marami pong salamat

Best regards
