

CALL FOR NOMINATIONS

5th Association of Southeast Asian Nations (ASEAN) Rural Development and Poverty Eradication (RDPE) Leadership Awards

To all Non-Governmental Organizations and the Private Sector:

The National Anti-Poverty Commission once again invites nominations for the **5th ASEAN Rural Development and Poverty Eradication Leadership Awards**. The awards aim to recognize exemplary roles and outstanding achievements and contributions of non-governmental organizations (NGOs), civil society organizations (CSOs), and the private sector in ASEAN Member States (AMS) in the field of rural development and poverty eradication. The Leadership Awards will be held virtually in conjunction with the 12th ASEAN Ministers Meeting on Rural Development and Poverty Reduction (AMRDPE) this November 2021.

Recognizing the invaluable contributions of NGOs, CSOs, and the private sector in rural development and poverty eradication, the Leadership Awards is an opportunity to share these contributions and achievements with our ASEAN neighbors. Similarly, this sharing of accomplishments, insights, and recommendations will prove beneficial to the capacities and effectiveness in the implementation of development programs and reforms – forging strategic partnerships with key stakeholders and contribute to stronger ties within the ASEAN Community.

Thus, you are enjoined to participate in the Leadership Awards and showcase the Philippine models and innovations in rural development and poverty eradication. Attached herewith are the awarding guidelines and the nomination form, for your reference.
