I. Background: Consultation Meetings

Off-shoot of the earlier meetings in the 1st Quarter 2021

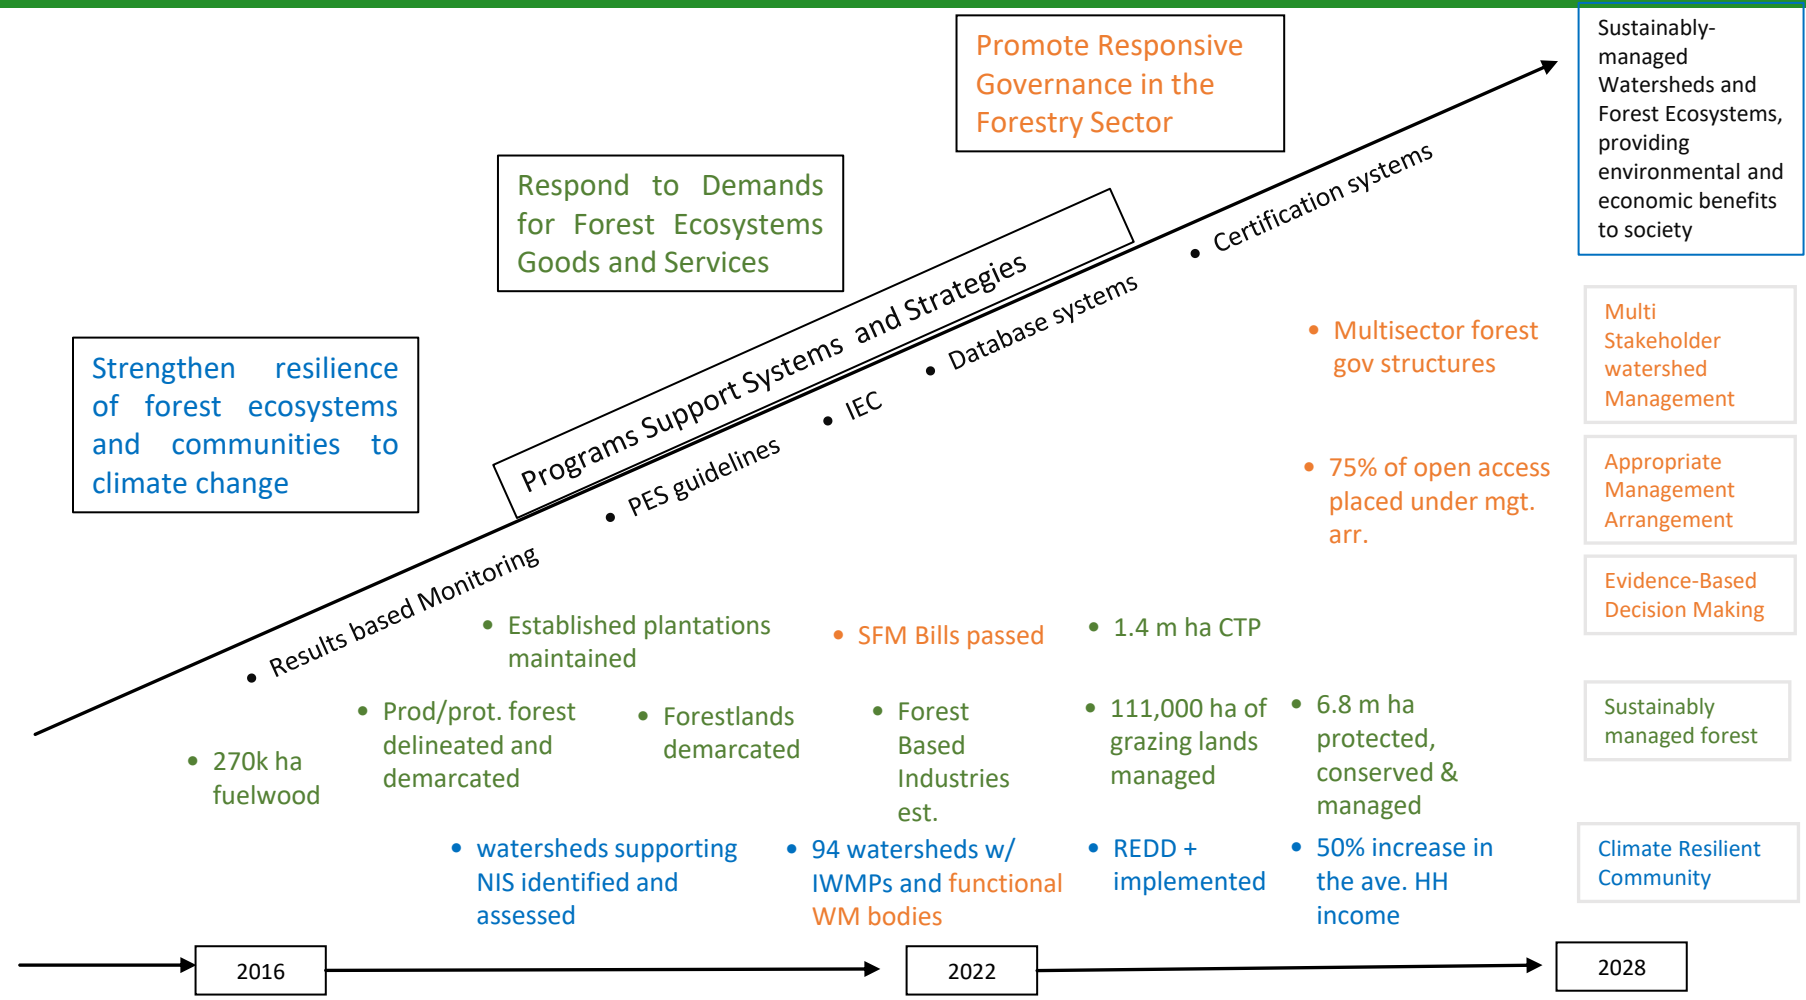

1. Forestry Strategic Direction (January)

1. Levelling off on activities and targets under the PMPCRFD (March)

- Purpose: reconcile targets and accomplishments under the PMPCRFD vis-à-vis universe and baselines
- Conducted from 18 May – 08 June 2021
- Use of google sheet as working document

I. Background : PMPCRFD Illustrative Framework

I. Background : PMPCRFD Components

PMPCRFD Strategies					
A. Strengthening Resilience of Forest Ecosystems and Communities to Climate Change (13 activities)					
B. Responding to Demands for Forest Ecosystems Goods and Services (10 activities)	UNIVERSE	ACCOMP AS OF 2015	2016-2028 TARGET	2016-2020 ACCOMP	2021-2028 TARGET
C. Promoting Responsive Governance (5 activities)					
D. Other Support Strategies (4 activities)					

II. Major Findings

1. Universe, baselines, remaining annual targets for most activities **were not yet clearly defined/planned** (eg. support to agroforestry, support to urban forestry, development of barangay forests, ANR establishment, among others)
1. Most of the data in the records of FMB **do not match** with the data submitted by the regions in the google sheet (e.g. CRVA, IWMP preparation, FLUP, protection and production forest and NGP accomplishments)

3. Relatively **low accomplishments** in the following activities:

- Conduct of watershed characterization and vulnerability assessment (34%)
- Formulation of Integrated Watershed Management Plans (11.5%)
- Management of Grazing lands (43.7%)
- Commercial forest plantation development for round wood production (31.6%)
- Fuelwood/bio energy plantation development (12.1%)
- Forestry Investment Packages (43.7%)

4. **No accomplishment/incomplete data** in the following activities:

- Support to REDD+
- Barangay Forest Development
