Dear Ma'am/ Sir:

Good day!

In regards to the installation of ArcGIS Desktop and ArcGIS Pro, we are furnishing you copies of the instruction manual (PDF) and a video demonstration as a guide and refresher.

Please note that the **distribution of licenses** are mentioned in the instructions as well as the **google forms that needs to be filled-up before the installation**. It is important as to ensure that offices can utilize the intended number of licenses they can use.

Open VPN is a vital part in the installation process so please redownload the installer should you encounter problems in the installation process.

Here is the link for the folder in the drive:

Please be guided accordingly.
