This is about one of the regional activities in support of the Sustainable Operations of the River Basin Organizations which is the updating of the web-based River Basin Integrated Information Management System (RBIIMS).

Since November 2020, the web-based RBIIMS is currently experiencing issues with the DENR cloud server. As of date, RBCO is coordinating with the KISS-ISD and KISS-NIMD to solve this issue. In the interim, may we respectfully request your office to submit the data entry forms as part of the database updating/maintenance. All of the 253 data entry forms can be downloaded on this link: <https://bit.ly/2QGN9XA> and will be imported into the RBIIMS.
