II. ACTIONS TAKEN:

- A. Coordination and request for assistance to the Punong Barangay and Barangay Council of Barangay Port Barton, San Vicente, Palawan regarding the relocation Survey; and
- B. Conduct of perimeter survey, geo-tagging and inspection dated March 18-19 and March 22-23, 2021;

III. FINDINGS AND DISCUSSIONS:

Per report, the Team conducted inspection and Geo-tagging of the developments/improvements within the area. It was found out that the CS area is planted with agricrops and forest trees like Acacia mangium, Coconuts, Bamboos, Calamansi, Avocado, Langka, Marang, Mango and Santol. The CS area has boundary fence in the northern part, laddered trails and also with two (2) small nipa huts. Accordingly, there were presence of intruders/unlawful occupants within the CSC area for about 80 households more or less according to Purok Leader; Ruado of Purok Mangingisda of Barangay Port Barton. If less than the easement zone, there were only 20 households more or less will be left inside the CS area.

In the evaluation report, the CSC holder and her family is doing their might to fully comply with the terms and conditions as stipulated in the CS contract by doing further developments in the transferred/awarded CS area, however, due to the presence of the intruders/unlawful occupants, some of the activities were hampered to include perimeter fencing and fully planting the entire CS area. Further, in our Memorandum dated November 09, 2021 in CSW format, in FINDINGS item 1-7, it is a crystal clear intention of the transferee/awardee to win back and continue to develop the subject CS area by sending letters informing this Office as to the unlawful/illegal occupation of some residents inside the CS area also seeking a help to our Office to remove the intruders within.

Based on our **Technical Bulletin No. 11** (Supplemental guide on the evaluation of CSCs), **Item VII** or the "Renewal, cancellation and determination of appropriate land tenure instrument", **Paragraph II** states that "Those CSC holders whose performance were already evaluated prior to the issuance of the DENR Memorandum dated November 28, 2013 *will not anymore* be subjected to another performance evaluation procedure but results shall be reviewed by the TWG and shall follow further processes of either renewal, cancellation or re-evaluation as the case may be.

In this case, the subject CSC area is already evaluated per report "re: evaluation of Certificate of Stewardship Contract (CSC) No. 042502113 awarded to Maximino Torre Beronilla dated **11 November 2003** signed by Silverio C. Lagan; Desk Officer and Jovencito S. Gabinete; CBFM Staff which strongly nominating Ms. Jo-ann Beronilla-Achurra to be the transferor of the subject CS area" and "Inspection/Verification report dated **19 May 2014** submitted by Esperlita R. Sotoza, Jovencito S. Gabinete and Silverio C. Lagan with the recommendation to **renew** the subject CS Area". Finally, the subject CSC was already renewed dated **14 November 2003** signed by then CENRO Wilfredo R. Angeles with annotation at the back of the Original CS contract per Section 11 of DAO No. 4, Series of 1991, as amended in favour of Joan Beronilla-Achurra.

On the other hand, this Office had already sent Notices to Vacate from first notices up to the final notices against the intruders of the subject CS area to include others unlawfully occupying Forest land within our jurisdiction. This Office also seeks the help of the Local Government of the Municipality of San Vicente, Palawan to implement the Notices, however, as of this moment, there are no actions yet from the LGU.

With the above, this Office is encouraging the CS holder to settle the issues between the occupants, *if warrant*, in order to fully comply with the terms and conditions as stipulated in the CS Contract and also consider the help of the *Sheriff* coming from the Court to implement the Notices issued by this office and ejection of these unlawful occupants. Further, recommending to the Monitoring and Enforcement Section (MES) to file cases against those intruders/occupants in violation of provision under Section 78 of P.D. 705 as amended and/or Article 51 of P.D 1067.

For your record and further instruction.

This pertains to your Memorandum dated November 17, 2020 with enclosures relative to the above mentioned subject.

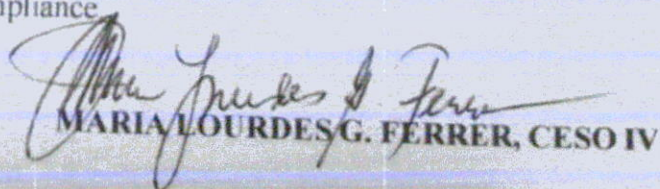

We are reiterating anew that the Memorandum dated October 7, 2019 issued by the Regional Executive Director Henry A. Adornado is not an outright cancellation but to take further action concerning the cancellation of CSC No. 042502113 issued to Jo-ann Baronilla Achura.

As such you are instructed to go through the process stipulated under Section 8 of DENR Memorandum Circular No. 21-93 or the "Revised Procedures on the conduct of Performance Evaluation of Stewardship Agreement, Cancellation and Compensation of the holders thereof". In the process you may consider conducting perimeter surveying, mapping and geo-tagging.

We would like to elucidate that the procedure, as specifically stated in paragraph 8.3 clearly provides both the holder and our Office to conclusively evaluate and decide whether the holder merits the favour to continue or otherwise with development of subject CSC area after further evaluation has been done.

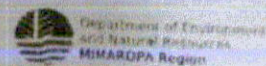

With this, please submit CSW report with your categorical recommendation to this Office.

PORT BARTON, SAN VICENTE, PALAWAN.**

DATE : April 06, 2021

This is in compliance to the issued Penro Special Order No. 022 dated March 08, 2021 signed by PENRO Eriberto B. Saños, CESE, with the above-subject.

Please be informed that the PENRO Survey Team conducted the survey. On March 18, 2021, we proceeded at the area with Jo-Ann B. Achurra CSC holder, Forester-I Diogenes Esquillo, Cenro, Roxas, CBFM Desk Officer and the Barangay kagawad. We conducted Relocation/Verification Survey of CSC No. 04502113 identical to Lot 5012, Cad-860-D, San Vicente Cadastre using Total Station, Range Poll and established traverse station from the reference point to the subject lot. Then we established control at CSC No. 04502113 identical to Lot 5012, Cad-860-D of Barangay Port Barton San Vicente, Palawan. Side shot of the existing concrete post, concrete road, salvage zone (40.00M.Wide) established by Cenro, Roxas, Palawan and the area occupied by the settlers as indicated on the Verification Plan.

In relation to this, the settlers inside the Perimeter area expressed their negative reaction regarding the survey. Then, the Penro Survey Team explained to them that this survey is purely-based on the PENRO order to be follow and done. You may visit at the Cenro, Roxas for your clarification and query regarding the legalities of the said survey.

Enclosed herewith is the Verification Plan showing the relative position of CSC No. 04502113 identical to Lot 5012, Cad-860-D, San Vicente Cadastre and PENRO Special Order No. 022.

For his information and record.

Please be informed that the undersigned assisted the Survey Team headed by Engr. Jonathan Gellez from the PENRO to conduct resurvey per PENRO Special Order No. 2021-022 dated March 8, 2021 the above Certificate of Stewardship area located at Brgy. Port Barton, San Vicente, Palawan on March 18-19 and March 22-23, 2021.

Be informed further that prior to the conduct of Resurvey of the above-subject, the undersigned coordinated and requested for assistance to the Barangay Captain and Barangay Council of Barangay Port Barton, San Vicente, Palawan regarding the said activity.

During the conduct of resurvey within the subject CS area, the undersigned conducted inspection and Geo-tagging of the developments/improvements within the area. The CS area is planted with agricrops and forest trees like Acacia mangium, Coconuts, Bamboos, Calamansi, Avocado, Langka, Marang, Mango and Santol. The CS area has boundary fence in the northern part, laddered trails and also with two (2) small nipa huts. However, there were presence of intruders/unlawful occupants within the CSC area for about 80 households more or less according to Purok Leader; Ruado of Purok Mangingisda of Barangay Port Barton. Though less than the easement zone, there were only 20 households more or less will be left inside the CS area.
