Dear Madam,

Greetings!

With your kind indulgence, please allow us to extend our remote virtual courtesy call to your good office. Due to the prevailing "Pandemic Situation" that we are experiencing at present coupled with the imposition of quarantine restrictions, regret that we cannot at this moment make this courtesy call personally.

In this regard, we wish to initially coordinate with your office for the requirements on our projected "Dredging Activity" in the Province of Mindoro Occidental. Further request that we be provided with appropriate technical assistance relative to the plans and programs required in the Dredging Operations in order for us to conform and comply satisfactorily with your standard specifications and requirements.

We are looking forward for your kind understanding and consideration regarding this matter. Thank you and God bless!

**Very truly yours,**

  
**NOEL J. LACSAMANA M.D.**  
President & CEO
