PRESIDENT RODRIGO R. DUTERTE**Malacanang Palace****J. P. Laurel Street, San Miguel****Manila**

Attention : DEPARTMENT OF ENVIRONMENT AND NATURAL
RESOURCES
DEPARTMENT OF EDUCATION
DEPARTMENT OF INTERIOR AND LOCAL GOVERNMENT

Subject : Protection for native turtles

Dear President Rody:

We write to request information, thru your office, about the native turtles, its existence and protection from government.

Many decades ago, when we were still young boys, we see turtles in the canals/brooks of our hometown, especially during rainy season when they are carried away by rain waters from the mountains. We gather some turtles, take them home as our pets. Today, we can't see a single turtle in our canals and streams and even in the mountains. We are wondering whatever happened to these beautiful animals. During our childhood days, we, "naughty" as we are, defy the belief that, as the old folks says: kasabihan ng mga matatanda na magiging bobo ka kapag naglaro ka ng bao (pagong) in some ways, maybe it is true as I got 75 in allsubjects in High school except history where I got 81 for which my rteahce mrs. Dolores Orlina asked me: "bakit ka naman naka 100% sa final exams, Pedrito" – this is a true story..

Here is a nice picture (Picture from abroad) of turtles lined up on board a floating trunk of a fallen tree.

We hope the DENR and other concerned government agencies can create an awareness and conservation program for these beautiful creation of God, particularly in our province (If possible , maybe, we can plant some turtles in our forest for propagation/[reservation purposes.

Thank you for your kind attention/consideration.

Very truly yours,

Pedrito “Toto” M. Nepomuceno

Former Mayor – Boac

Former Provincial Board Member – Marinduque
